General Policy:

It is the policy of the Eaton Municipal Court to strictly adhere to the State's Public Records Act. All exemptions to transparency are to be construed in their narrowest sense and any denial of public records in response to a valid request must be accompanied by an explanation, including legal authority, in accordance with the Ohio Revised Code. If the request is in writing, the explanation must also be in writing.

I. Public records

The Court, in accordance with the Ohio Revised Code, defines records as including the following: Any document – paper, electronic (including, but not limited to, e-mail), or other format – that is created or received by, or comes under the jurisdiction of a public office that documents the organization, functions, policies, decisions, procedures, operations, or other activities of the office. All records of the Eaton Municipal Court are public unless they are specifically exempt from disclosure under Ohio law.

It is the policy of the Eaton Municipal Court that, as required by Ohio law, records will be organized and maintained so that they are readily available for inspection and copying (See Section IV ON PAGE 17 for the e-mail record policy). Record retention schedules are to be updated regularly and posted prominently.

II. Record requests

Each request for public records should be evaluated for a response using the following guidelines:

- A. Although no specific language is required to make a request, the requester must at least identify the records requested with sufficient clarity to allow the public office to identify, retrieve, and review the records. If it is not clear what records are being sought, the records custodian must contact the requester for clarification and should assist the requestor in revising the request by informing the requestor of the manner in which the office keeps its records.
- B. Public records are to be available for inspection during regular business hours, with the exception of published holidays. Public records must be made available for inspection promptly. Copies of public records must be made available within a reasonable period of time. “Prompt” and “reasonable” take into account the volume of records requested; the proximity of the location where the records are stored; and the necessity for any legal review of the records requested.
- C. Each request should be evaluated for an estimated length of time required to gather the records. Routine requests for records should be satisfied immediately, if feasible to do so. Routine requests include but are not limited to, meeting minutes (both in draft and final form), budgets, salary information, forms and applications, personnel rosters, police criminal reports, and reports of a non-criminal nature including traffic citations, crash reports, and civil investigations, etc., etc. If fewer than twenty (20) pages of copies are requested or if the records are readily available in an electronic format that can be e-mailed or downloaded easily, these should be made as quickly as the equipment allows.

All requests for public records must either be satisfied or be acknowledged in writing by the (public office) within a reasonable amount of time following the office’s receipt of the request. If a request is deemed significantly beyond “routine”, such as seeking a voluminous number of copies or requiring extensive research, the acknowledgment must include the following:

- 1. – An estimated number of business days it will take to satisfy the request.
 - 2. – An estimated cost if copies are requested.
 - 3. - Any items within the request that may be exempt from disclosure.
- D. Any denial of public records requested must include an explanation, including legal authority. If portions of a record are public and portions are exempt, the exempt portions are to be redacted and the rest released. If there are

redactions, each redaction must be accompanied by a supporting explanation, including legal authority.

III. Costs for Public Records

Those seeking public records will be charged no more than the actual cost of making copies.

- A. The charge for paper copies is .25 cents per page.
- B. The charge for downloaded computer files to a compact disc or flash drive is \$10.00.
- C. There is no charge for documents e-mailed.
- D. Requesters may ask that documents be mailed to them. They will be charged the actual cost of the postage and mailing supplies.

IV. E-mail

Documents in electronic mail format are records as defined by the Ohio Revised Code when their content relates to the business of the office. E-mail is to be treated in the same fashion as records in other formats and should follow the same retention schedules.

- A. Records in private e-mail accounts used to conduct public business are subject to disclosure, and all employees or representatives of this office are instructed to retain their e-mails that relate to public business (see Section 104.02 Public Records) and to copy them to their business e-mail accounts and/or to the office's records custodian.
- B. The records custodian is to treat the e-mails from private accounts as records of the public office, filing them in the appropriate way, retaining them per established schedules and making them available for inspection and copying in accordance with the Public Records Act.

V. Failure to respond to a public records request

The Eaton Municipal Court recognizes the legal and non-legal consequences of failure to properly respond to a public records request. In addition to the distrust in government that failure to comply may cause, the Eaton Municipal Court's failure to comply with a request may result in a court ordering the Eaton Municipal Court to comply with the law and to pay the requester attorney's fees and damages.

Rule 23.00 Court Records – Electronic Imaging

All Court Records may be maintained in an electronic format.

All cases electronically scanned or imaged by the Court will be either in a "Portable Document Format" (PDF), "Tagged Image File Format" (TIF) or in a format that meets the requirements set down in Sup. R. 26 and will be retained accordingly.

Rule 24.00 Electronic Produced Tickets

Use of electronically produced tickets. The use and filing of a ticket that is produced by computer or other electronic means are hereby authorized in the Eaton Municipal Court. The electronically produced ticket shall conform in all substantive respects to the Ohio Uniform Traffic Ticket. If an electronically produced ticket is issued at the scene of an alleged offense, the issuing officer shall provide the defendant with a paper copy of the ticket.

Rule 25.00 Electronic Submission of Reports to the Supreme Court of Ohio

The Clerk of Court shall submit in electronic format via the Ohio Supreme Court website reports as required by Supreme Court Sup. R 37.01 through 37.03. The reports shall be as prescribed by the Supreme Court and submitted no later than the fifteenth day after the close of the reporting period. Only the Judge/Administrative Judge and the Clerk of Court shall have access to the Supreme Court website login credentials. The Judge/Administrative Judge and the Clerk of Court shall take all necessary steps to ensure and maintain the security of the Supreme Court website login credentials.

Rule 25 shall be recorded by the Clerk of Court and a copy thereof shall be filed by the Clerk with the Clerk of the Supreme Court of Ohio. The Clerk of Court shall cause a copy of Rule 25 to be posted on the Court's web page: www.eatonmunicipalcourt.com/ Court Rules.

The Clerk of Court shall provide copies of the Local Rules of Practice including Rule 25 to any person upon the payment of a fee representing the actual cost of making copies.
